Hi Gary,

How are you? I wanted to follow-up with you on the letter of support for the project listed above at [1231 F St NE](#). The original meeting was on 11/05/2025, where I presented this case at the 420 10th St SE location. I have attached a copy of the 11x17 set I submitted at my presentation below for reference.

In your response, if you could please copy the clients, [Smita & Shalini](#) and [BZA submissions](#), that would be greatly appreciated. Thank you for your time and attention to our project.

All the best,

nadege fuller
