

# Brendan Beachler

AIA

## PROJECT MANAGER, DUDA|PAINE ARCHITECTS

Brendan's experience spans a broad range of project types across all design phases, from client conceptual presentations through construction documentation. His leadership of design teams is enhanced by expertise in digital modeling and BIM/ REVIT™ technology to facilitate coordination of structural and mechanical systems.

Brendan's Duda|Paine projects include The Discovery Center at The Bullis School, Trinity School Learning Commons and the Arts & Education Building and the Quiet Room at the Duke Cancer Center. With a Master of Architecture from UCLA Architecture & Urban Design and a Bachelor of Design from the University of Florida School of Architecture, Brendan brings valuable aptitude in translating design methodologies and technical information for clients, team members, project consultants, contractors and facility staff.
