Dear Sir/Madam,

I live on 28th st and have a garage on the alley between 28th and 27th street. Recently, a neighbor brought to my attention concerns about Aidan's building expansion and issues regarding emergency vehicles' access. I have some different concerns. My main concern is that the proposed addition could reduce drivers' visibility, leaving the alley. The reason this is important is because pedestrians, including small and quick moving children, sometimes dart across the alley, as if it were a continuation of the sidewalk. It is the responsibility of drivers to watch out for them, but drivers need as unobstructed view as possible. Relocating the entrance away from the alley might also be helpful in keeping kids and cars separated.

Sincerely
Michele Wilkins
2795 28th St. NW
