

To the Board of Zoning Adjustment,

I am/we are writing to express my full support for my neighbors, Taleesha Scott Richardson and Vincent Richardson, as they work to rebuild their home at 3708 24<sup>th</sup> Street NE Washington, DC . The fire that destroyed their house was a devastating event for our block, and I am glad to see them taking steps to return.

Their proposed plans are thoughtful and will restore the spirit of our street. I/we believe their project will be a positive improvement to the neighborhood and look forward to welcoming them home. I/we strongly encourage the Board to approve their application.

Sincerely,
