Hi Jose,
Reaching out again about the construction project next door at 710

Message

Jose-Taylor Ne...

Hi Jose,
Reaching out again about the construction project next door at 710 Taylor. Despite repeated reach out during the course of last few months, we did not hear back from your end and later learnt that you went ahead and signed an opposition letter and have some concerns. We aspire to be great neighbors to the community and are trying to accommodate the community requests to the greatest extent possible and it keeps the project still feasible. After extensive discussions with our design professionals, we were able to redesign the side walls of the decks to reduce the footprint of the new units. As always, I will be happy to meet with you in person and discuss any other matters that are very important for you and see how can we be of any further help.

Feel free to call me at [REDACTED]
[REDACTED] when you have a chance. Also please share the contact of the other next door neighbor if you have it handy.

Thanks Alper
