Hello Anthony,

We met a few weeks ago (walking dogs on Kenyon St.) and talked briefly about the progress on 1324 Kenyon St. We are very much in favor of them being able to move forward. The owners have been very forthcoming with us about their plans and progress, and we are anxious to have them as neighbors. We have no issues with their plans for the front of the house, and we hope that they are able to keep the brick patio on the back of their property largely the same, as it adds beautiful character to the alley.

We also hope that the city will not delay their progress any further, and consider retracting their fines for holes in the property (since they could not address that due to the stop work order) and the Vacant Property status (since the property would not be vacant if the city had held their hearing on time as planned).

We look forward to this project being completed soon!
