Letter of Recommendation for the Expansion of Child First Step LLC

To whom it may concern:

We are writing this letter in support of Rosilene Ribeiro and Child First Step (CFS) being expanded from a Child Development Expanded Home into a Child Development Center.

Both of our children have attended CFS, with our oldest starting more than three years ago. Rosilene Riberio and her excellent program and daycare center have been instrumental in our children's development. We are constantly impressed with the level of engagement and varied activities that Rose and her group of teachers make available to the children. As a result of their dedication and expertise, we see Rose and the teachers as a partner in our children's development and trust her guidance and input that comes from many years of experience.

One of our favorite aspects of CFS is the bonds that form in the community of children and parents. We know that an expanded CFS would only strengthen that community and the larger neighborhood as well. In addition, the space at CFS is capable of serving many more families, with both a generous interior area with multiple zones and large exterior area with playground equipment and a splash pad. We would welcome these additional families as it would offer a greater array of activities and opportunities for our children that would become possible with a larger group of students.

We would kindly ask you to consider allowing the expansion of CFS in its Piney Branch location. Please let us know if we can answer any questions.

Sincerely,

Andrew Marshall and Kim Ha
