RE: Letter in Support of 3812 Garrison Street, NW

We are owners of property across the alley behind 3812 Garrison Street, NW. We understand that the Applicant is requesting special exception relief to construct a one story rear screened porch that will extend 10 feet from the rear of the existing house, and to do so, they need a special exception from the rear yard requirements. We are writing to state that we have no opposition to the above-referenced BZA application.

Thank you for your time and consideration.

Sincerely,

Colin Stewart
