Dear members of the Board of Zoning Adjustment and ANC 3C,

I'm writing to express my strong support for the Rock Creek Club's Special Exception application (BZA Case 21510) to convert Greystone from a single-family residence into a community asset in the heart of Rock Creek Park.

As a Washington, D.C. resident for more than two decades, I've watched thoughtfully planned community spaces make our neighborhoods better — places where neighbors actually get to know one another. The Rock Creek Club's vision is exactly that: a welcoming gathering place for generations to enjoy, backed by a 130-household community of supporters who believe in it.

I respectfully ask that you approve the Special Exception and give your resolution of support at the October 19 meeting, so this project can move forward.

Thank you for your consideration.
