Dear Member of the BZA and ANC 3C,

writing in enthusiastic support of the Rock Creek Club. My name is and I live with my wife Molly and two children at 1717 Irving St. NW . We expect to reach the Club primarily by

One of the things I value most about living in Mount Pleasant is the possibility of building a real community within our neighborhood. But community needs places to grow. We need accessible and welcoming "third spaces" close to our homes where children can play together, families can spend time outdoors, and neighbors can congregate.

The Rock Creek Club offers exactly that kind of place. Having a shared space in our own backyard where people can be active, socialize, and spend time surrounded by nature would be an extraordinary addition to our community. I am particularly excited about what it could mean for children: a place where they can play outdoors, form friendships, and develop a sense of belonging to a larger community beyond their own homes and schools.

Places like this are increasingly rare, and I believe they are essential to creating the kind of connected, vibrant neighborhood in which families and communities thrive. I strongly support the Rock Creek Club and hope you will approve its application.

Sincerely,

1717 Irving St. NW
