Dear Chairperson Pourciau and honorable Members the Board,

My husband Bill and I, who have lived on Williamsburg Lane for 50 years, want to add our strong objections to a change of zoning that would allow the proposed neighborhood club in our neighborhood.

It seems quite absurd to conceive of a neighborhood club which none of the people actually living in the neighborhood want. This small enclave has 17 houses and is distinctly separate from larger neighborhoods such as Cleveland Park and Adams Morgan. It consists basically of a dead end road, which is one block long, and two small gravel roads. It does not have the infrastructure to support such an enterprise.

The letters of support you got came from Adams Morgan and Cleveland Park, large neighborhoods, which have never been connected to Williamsburg Lane. One should hope there are opportunities in those neighborhoods to form neighborhood clubs, if needed.

Please take the wishes of the actual neighborhood in account when considering this application.
