Dear Members of the Board of Zoning Adjustment and ANC 3C,

I'm writing in strong support of the Rock Creek Club's request for a Special Exception (BZA Case 21510).

I have lived in Mt. Pleasant with my family since 2009. I've raised my two young sons in this neighborhood and am a lifetime Washingtonian. Mt. Pleasant is a unique and special neighborhood - rich with diversity, diverse vendors, multiple family homes and multi-unit apartment housing as well as affordable housing options. Mt. Pleasant has access to public transportation, a public library, the National Zoo and an large tree canopy.

My family and I are thrilled with the option of having this club accessible, in walking distance, or by bike and excited about another option in our neighbor that is walkable. My family lives in the city to support walkable communities, where people know each other and feel connected and supported, and Rock Creek's natural setting and access to hiking paths are at the top of that list.

In a city like ours, you usually have to leave town to find a place where you can be outside, active, and social with friends and family. Think of all of the country clubs and swim clubs, just outside the city limits. Rock Creek Club would give us that right in our own backyard, in a setting that is open to anyone who wants to join.

Converting Greystone into a community space that can be enjoyed for generations strikes me as a wonderful use of a special property, and I'm proud to be one of the households supporting it. I respectfully ask the Board and the ANC to approve the Special Exception.

Thank you for your time and your service to our community.

Warm regards,
Kelly Skoloda
