To Whom It May Concern,

Along with my husband and two daughters, I am fortunate to live in Mount Pleasant. We have been looking for a third space within walking distance for the past 5 years that we have lived in the neighborhood. I had always pictured this space on Mt Pleasant Street. When I heard about the idea of a space right on Rock Creek Park, adjacent to nature, I had to find out more. As I learned about the intention of this space — open to anyone with a focus on family-friendly values and activities within walking distance— I knew I wanted to be involved. We are thrilled and proud to join the Rock Creek Club founding member community. I am especially excited to build something that can serve generations to come. This space will provide so much to our family and community. We intend on walking and biking to the property. The proximity to our home is one of the most appealing characteristics of the club. We rarely use the car on the weekends and certainly do not intend to do so after a day at work. We prioritize outdoor time as much as possible and the RCC will help to facilitate that priority. We are deeply grateful for the opportunity to invest in a place where our 3 and 6-year-old daughters can continue to be part of our incredible community.

I sincerely thank you for taking the time to read this letter and for considering the impact this space would have on so many families.

Sincerely,
Sarah Bresler
