In regards to Application No. 21524 of Stephen Ander, 1020 C St NE (Square 963, Lot 29.)

I support the application to construct a rear addition to an existing, attached two-story plus basement, principle dwelling unit in the FR-1 zone.

However, I have concerns about access to the alley off 11th St NE (300 block) while construction is on going.

Construction company trucks must keep this alley access open at all times, (with minor exceptions when unload of removing construction materials) and not block access to garages and parking pads in the alley that runs between C and D Streets NE which provides access to homes that use this alley on 300 blocks of 11th and 10th Streets NE.

Thank you for your consideration and cooperation.

Vanessa Cieslak
