Hi Ms. Chambliss,

Not sure if you're the right person to ask this, but it looks like it from your position description on the Deal website. My family and I live at 3007 Albemarle St NW, which is in-bounds for Murch so thus in-bounds for Deal. We're proposing some work on our home, and one question the city permit process asks us is about local school capacity. Can you help me confirm whether Deal normally has the capacity to enroll all new in-bounds students? I understand the feeder and lottery system, so my question would assume that they are applying at the regular time and not mid-session or even after all seats have been filled through normal admissions.

Very much appreciate your time and response!

Warmly,

Paul
