To: 4C05@anc.dc.gov, Zeke Reich <zekereich@gmail.com>

Dear Ms Kademian,

How are you? My name is ileana schinder, I am an architect for Mr Zeke Reich at 1374 Taylor St NW.

We are developing the designs for an accessory apartment at the rear of the property. Due to the location of the house and zoning requirements, we are asked to followed an exception with the Board of Zoning Adjuments.

Their process requires that the local ANC states their opinion on our project. In order to do so, we would like to present the project in the next ANC meeting. Is it possible to be put in the agenda?

We would also be happy to share drawings and sketches with the ANC before the meeting in case they may have questions about it.

Looking forward to hearing from you soon,

ileana
