

Hello and To Whom It May Concern,

I Desiree Wright am requesting from DCRA The Board Of Zoning Adjustment (BZA) to grandfather, approve, and grant a special exception for my current residence (2610 Monroe St., NE, Washington, DC 20018) that I plan to use as my principle dwelling to renovate and live in. Due to, I am working with the original structure of the house that we purchased, there was no addition added to the left side in question (at 3.9 from the Wall, less than five feet).

I thank you in advance for your consideration and assistance in this matter; also, it is highly respectfully and appreciated!

Desiree M. Wright

Sincerely,

Desiree Wright
