Statement of Existing and Intended Use
submitted in accordance with Subtitle Y § 300.8(d)

The subject property, which is located at 2301 Foxhall Road, NW (Lots 856, 861, 878, and 879 in Square 1341) (the “Property”), is currently improved with facilities that support a private education use—i.e., The Field School. The subject application requests certain modifications to The Field School’s approved private school plan and a special exception to allow a retaining wall that exceeds the height permitted in the R-1A zone, but it will not change the manner in which the Property is used. Thus, the Property will continued to be used for educational purposes.
