Re: 1111 Buchanan Street NW addition/renovation of existing accessory building project BZA Application

To whom it may concern,

This letter is being sent to certify that we will be acting as a 3rd party representative acting on behalf of the property owners (Julia Howell and Marco Davis) for matters related to the BZA application process for their addition/renovation of their existing accessory building project at 1111 Buchanan Street NW. This letter is also to certify that we have read subtitle Y, the Board's Rules of Practice and Procedure, and we are able to competently represent the owners with respect to the BZA application and review.

Sincerely,

Greg Upwall, principal
Studio Upwall Architects
