

**2/26/2025**

**Intended Use:**

The purpose of this request is to seek approval for the expansion of the childcare facility from its current capacity of 9 children to 12 children. The expansion is intended to accommodate the growing demand for childcare services in the community, ensuring that more families have access to high-quality care. This increase in capacity will allow us to serve additional children while adhering to all state and local regulatory standards. We are committed to maintaining a safe, nurturing, and compliant environment for all children in our care, and the expansion will enable us to better fulfill our mission of providing exceptional childcare services to the community.
