

Statement of Modification

Carrier: T-Mobile Northeast LLC

Site Name: 7WDC540A

Site Address: 1800 PERRY ST NE WASHINGTON, DC 20018

Jurisdiction: D.C

TowerCo is proposing to extend the existing 84' tower to the height of 99' to be able to host T-Mobile on the tower. This is also going to expand and provide better coverage for all T-Mobile customers in the area. The current tower hosts other carriers, but with the extension T-Mobile will be able to install on the tower and provide coverage throughout the entire area. Per Section 6409, "**a State or local government** may not deny, and **shall approve**, any eligible facilities request for a modification of an existing wireless tower or base station that does not substantially change the physical dimensions of such tower or base station."
