Hi Trixie,

I'm strongly supportive of your proposed patio concept. It's businesses like yours that make Capitol Hill such a special place to live. DC's neighborhoods need more restaurants, more patios, more cafes, more corner stores. Communities that combine residential and business properties are more livable, enjoyable, and pleasant places. Patios like the one you've proposed are a great way of activating underutilized road and sidewalk space into an area for patrons to enjoy. By enabling more "eyes on the street," as Jane Jacobs would say, your proposed patio would also help make people feel safer walking along the street.

From an aesthetic perspective - the design looks great; maybe fairy string lights could make it look even more special and welcoming. I'm looking forward to checking it out once it's (hopefully) approved.

Best,

Liam Brown

All,

Love this outdoor concept--great green spaces and still gives plenty of room for pedestrian traffic. It will be lovely to expand this terrific restaurant's seating capacity so it can continue to thrive in our neighborhood. It's a great anchor for this block and with outdoor seating, provides added safety for foot traffic in the area. Two thumbs up for this project!

And if you are on this email thread and haven't tried their pizza yet--you definitely should--one of the best in the city:)

Hi there!

I'm a Capitol Hill resident very close to Della Barba (previously at 13th and Massachusetts Ave SE, and now at 19th and A St SE), and **this concept is fantastic!** More and better use of the large open space in front of the restaurant - which is also great - would be a great addition to the neighborhood. The space in front is currently underutilized, and the neighborhood needs more outdoor dining, since current restaurants with outdoor dining are such fixtures in the neighborhood for meeting up and bringing more life to the outdoor spaces. **The shade structures and greenery also make a huge difference** and look very inviting and in line with the character of the neighborhood.

We absolutely love Della Barba and other similar businesses and what they bring to the neighborhood, especially making it more mixed-use, walkable, and distinctive. We strongly support the concept and hope the City will support you in your efforts as well!

Best,
Leah Foecke

Trixie,

The patio concept looks great! Very nice and inviting, and it fits well with the neighborhood.

Quick question: Are you planning to offer beer/wine in the future? I would love to dine at the restaurant (rather than taking out), but I definitely need a glass (bottle) of wine with your delicious pizza.

Thanks!
Bruce

Cc: Erik Stier <[REDACTED]>

Hi there!

My husband Erik Stier (copied) and I are homeowners just around the block and big fans of Della Barba!

We are happy to express our strong support for Della Barba's proposal to expand patio seating onto the sidewalk. As residents of the neighborhood, we believe this expansion would greatly benefit our community in several ways:

1. **Economic support:** The Lincoln Park residential area has limited dining options within close walking distance. Approving this patio concept would help ensure the restaurant's success, preserving a valuable local business.
2. **Community vibrancy:** The expanded outdoor seating would bring more life to our streets, creating a welcoming atmosphere that enhances the neighborhood's character.
3. **Social interaction:** A larger patio area would provide more opportunities for neighbors to meet and connect, fostering a stronger sense of community.
4. **Improved safety:** Increased foot traffic and visibility from outdoor diners can contribute to a safer neighborhood environment.

Hope this helps!

All the best,

Marija Ozolins and Erik Stier

Patio at Della Barba Pizza

1 message

Christine Mullins <[REDACTED]>
To: trixie@dellabarbapizza.com

Thu, Aug 15, 2024 at 1:34 PM

Hi Trixie,

I live around the corner from Della Barba Pizza and I have a vested interest in seeing this small local business survive and prosper.

An open patio would prove to be an inviting, friendly, and wonderful addition to the community. I can't wait to visit!

Like Bread and Butter at Lincoln Park, neighbors love to meet and enjoy the fresh air. The oak trees on 14th Street are lovely.

Provided it is kept clean and tidy, an open patio at Della Barba Pizza would enhance the neighborhood and make it only more vibrant and inviting.

Christine Mullins

Looks great. Tell the ANC I said so. Cap hill can't just be row houses for the ultra wealthy.

Greg Zielinski <[REDACTED]>
To: trixie@dellabarbapizza.com

Thu, Aug 15, 2024 at 1:21 PM

Trixie,

I'm a neighbor of yours and want to **offer my full support behind your proposed patio concept**. These improvements would go a long way to activate and enhance the streetscape at this corner, contributing very positively to the vitality of the neighborhood. The scale and treatment of your proposed plantings, furniture, and shade structures all feel well-proportioned with the architectural scale and character of your building and the neighbors, and integrate into the existing environment really successfully. Thank you for investing in this, and I wish you good luck navigating the approvals process.

- Greg Zielinski
