Asunto: RE: Permit RW2400129

Thank you for that further clarification which is in-line with the design guidelines for the Meridian Hill Historic District.

Hi Kim,

I am sending this email to further clarify that the access to the trash enclosure area will only be for the persons collecting the trash and it will not have a street access ramp on Mozart Place.

No vehicle will be needed to access the trash, the normal sidewalk will not be disturbed.

Thank You,

Saafir

Hi Saafir,

Yes, that clarification is correct.

Kim Williams

Hi Kim,

This email is being sent to give clarity to the understanding of the retaining wall and trash removal area to be installed under the above-mentioned permit. RW 2400129.

It is understood that the fence line to access the trash area will be in line with the retaining wall and will be a minimum of 8' high.

The trash containers will be the regular domestic cans that are normally used.

Thank You,

Saafir
