Neighbors on 41st Street NW

Re: Special Exception Application

Dear Neighbors,

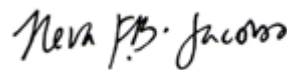

You are receiving this letter to serve as notification that we as the Owners of 5332 41st Street NW are seeking to construct a front porch at the front of our property that we have resided at since 2022. We love our home and are looking to construct this front porch to have a place for our family to enjoy our front yard and a place for our children to play outside.

As part of the building permit application, we are required to submit for a special exception application to the BZA to allow us to construct the front porch that exceeds the lot occupancy and pervious surface.

We are seeking your support for the proposed scope of work when we go before the BZA during its upcoming meeting. If you support our application, we ask you to please consider signing the following letter.

We thank you for your time and consideration on this matter.

Sincerely,

Neva Jacobs
