To the Board of Zoning Adjustment::

My name is Patricia Summers, my husband and I live at [1232 D St SE, 2](#) doors down from [1236 D Street SE](#). I have reviewed the plans for Devon Hinojosa's proposed two-story rear addition. The addition is consistent with others on the block, and I have no concerns about its effect on light, air, or privacy — including the view to the East and access to the alley. We support the project and encourage the Board to approve it.

Patricia Summers
