To the Board of Zoning Adjustment:

My name is Stephen Baddour and I live at **335 13th St., SE, Washington DC 20003**, directly across the public alley from **1236 D Street, SE**. I have reviewed the plans for Devon Hinojosa's proposed two-story rear addition. The addition is consistent with others on the block, and I have no concerns about its effect on light, air, or privacy — including the view from the alley, which my property faces. I support the project and encourage the Board to approve it.
