CONCLUSIONS

Pursuant to Subtitle Y § 604.3, the order of the Board may be in summary form where granting an application when there was no party in opposition. As a summary order, it does not constitute binding legal precedent on the Board and shall not be considered by the Board in evaluating future applications.

Based upon the record before the Board, and having given great weight to the appropriate reports and recommendations filed in this case, the Board concludes that the Applicant has met the burden of proof that the requested special exception and variance relief can be granted because:

- It is in harmony with the general purpose and intent of the Zoning Regulations and Map;
- It will not tend to affect adversely the use of neighboring property;
- Pursuant to Subtitle X § 901.2(c), the relief satisfies the specified conditions for special exception relief;
- There exists an exceptional or extraordinary situation or condition related to the property;
- The exceptional condition creates a practical difficulty, in the case of an area variance, or an undue hardship, in the case of a use variance, in complying with the Zoning Regulations;
- The relief can be granted without substantial detriment to the public good; and
- The relief can be granted without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

DECISION

Based on the case record and the testimony at the hearing, the Board concludes that the applicant has satisfied the burden of proof for the requested relief:

- Special Exception from the rear yard requirements of Subtitle D § 207.1, pursuant to Subtitle D § 5201.1 and Subtitle X § 901.2 (*20 ft. minimum required; 25.9 ft. existing; 16.2 ft. proposed*)
- Special Exception from the pervious surface requirements of Subtitle D § 211.1, pursuant to Subtitle D § 5201.1 and Subtitle X § 901.2 (*20% minimum required; 13% existing; 11.9% proposed*)
- Area Variance from the lot occupancy requirements of Subtitle D § 210.1, pursuant to Subtitle X § 1002 (*60% maximum permitted; 59.3% existing; 73.5% proposed*)

Accordingly, it is **ORDERED** that the application is **GRANTED** consistent with the plans shown in Exhibit 9 of the record, as required under Subtitle Y §§ 604.9 and 604.10.
