INTRODUCTION

The Government of the District of Columbia (the “District”), through the Office of the Deputy Mayor for Planning and Economic Development (“DMPED”), seeks to redevelop the approximately 3.3 acre parcel located at 1125 Spring Road, NW, in the Petworth neighborhood and known for taxation and assessment purposes as Lots 0804 and 0807 in Square 2902. The Site includes a vacant community health center formerly known as the Hebrew Home for the Aged, a fire-proofed utility/chiller building at the rear of the community health center, the District Child Welfare Center, also known as the former Paul Robeson School towards the eastern edge of the property at 3700 10th Street, NW, a parking lot, and the adjacent portion of 10th Street, NW.

DMPED invites qualified Development Teams (“Respondents”) to respond to this Request For Proposals (“RFP”) for the disposition and development of Lots 0804 and 0807 in Square 2902 (“Development Parcel” or “Site”), totaling approximately 144,400 square feet of land (see Figures 1-4 for Development Parcel information in more detail) pursuant to a ground lease of no less than twenty (20) years or a fee simple transfer excluding any historically designated assets.

The 1125 Spring Road, NW, site was the third iteration of the District’s OurRFP process. A Public Workshop Meeting, Online Public Engagement Forum, and Follow-up Public Meeting were completed in order to understand the community’s preferences for the redevelopment of this site. Based on feedback received through the OurRFP process, residents and community members desire a project that reflects the important value of these sites to the neighborhood and embodies the following characteristics:

- As much affordable housing above the 30% minimum requirement as viable, targeting the lowest income bands and including housing reserved for senior citizens, ADA-compliant units, and opportunities for homeownership;
- Sustainable public space improvements that activate an upgraded 10th Street, NW, in keeping with the surrounding neighborhood feel; and
- Maximization of density through a Planned Unit Development, incorporation of historic elements into any designs, and development that exceeds green building requirements.

The Development Parcel is zoned R-4-D, which will become RF-1 after the newly approved Zoning Regulations (ZR-16) become effective on September 6, 2016. DMPED seeks a developer that will develop the lots in keeping with the goals set out in this RFP, and will accept both matter-of-right and Planned Unit Development (“PUD”) development proposals. Any proposal must include the establishment of a public right of way along 10th street that respects the historic 10th street multimodal link to the north and south of the site and remain open for public use.

The Respondents that present the most innovative, comprehensive, and community supported solution may be “short listed” and/or a “best and final” (BAFO) proposal may be requested before a final selection is made.

***Note: Maps are not to scale.**

Location: As shown in Figure 3, the Development Parcel sits on the border of Wards 1 and 4, but is located in Ward 4. It is bounded by 10th Street, NW, to the east, an alley/access road to the north, a District-owned parcel to the west, and Spring Road, NW, to the south. The Georgia Avenue/Petworth Metro Station is located 0.3 miles from the Development Parcel as are major bus lines on Georgia Avenue, New Hampshire Avenue, and 14th Street. The Site has a Walk Score of 93, Transit Score of 82, and Bike Score of 88.

Existing Structures: As shown in Figures 1-4, there exist three main structures on the Site. More details regarding each are given below:

Former Hebrew Home for the Aged at 1125 Spring Road, NW

Construction of the building located at 1125 Spring Road, NW, was completed in 1925 and it served as the Hebrew Home for the Aged, a nursing home, between 1925 and 1969. An addition in the early 1950's more than doubled the size of the building which was purchased by the District in 1968 and converted to a community health center. Along with the former Jewish Social Service Agency located at 1131 Spring Road, NW, the former nursing home building is listed in the D.C. Inventory of Historic Sites and the National Register of Historic Places. Both buildings are part of the historically designated area, as is the space in between the two structures. However, please note that the Jewish Social Service Agency building at 1131 Spring Road, NW, is not part of this RFP. Accordingly, the Development Parcel in this RFP has the Jewish Social Service Agency building as its western boundary, but includes the green space in between it and the Hebrew Home building. The five-story former Hebrew Home for the Aged building is about 85,800 square feet and virtually intact. However, the building has fallen into disrepair and is vacant.

Former Paul Robeson School at 3700 10th Street, NW

The one-story Robeson School building abuts the Hebrew Home towards the eastern boundary of the Development Parcel. The approximately 5,000 square feet building was constructed by the District between 1974 and 1975 to be used for mental health treatment and education. It is not part of the historic landmark and demolition of this building is anticipated as part of the redevelopment of the Site.

Utility/Chiller Building

A small fire-proofed utility/chiller building sits just north of the former Hebrew Home building within the historic landmark boundary. While possible, demolition of this structure would require approval by the Historic Preservation Review Board.

Property Advantages:

- Located in the burgeoning Petworth neighborhood of Northwest D.C.
- Excellent multi-modal transportation access due to proximity to the Georgia Avenue/Petworth Metro stop and several high capacity bus routes along 14th Street, NW, and Georgia Avenue, NW.
- Within blocks of a full-service grocery store, restaurants, and retail.

OURRFP PROCESS AND FEEDBACK

OURRFP Process

Successful development projects in the District hinge on the inclusion and support of the local community. Mayor Bowser's Administration created the OurRFP initiative to understand and incorporate community input early in the process of redeveloping publicly-owned land. The Site is located on the border of Wards 1 and 4, is partially historically designated, and contains the former Hebrew Home for the Aged. For these reasons, the District determined this Site to be a prime candidate for the OurRFP process so community preferences could be considered before a solicitation for the Site was released.

The OurRFP process consisted of a Public Workshop Meeting, an Online Engagement Forum, and a Follow-Up Public Meeting. As part of the process, DMPED invited any and all members of the community to engage in the process by canvassing the neighborhood, meeting and calling Advisory Neighborhood Commissioners, stakeholders, and neighbors, and inviting community members via email, online forums, listservs, and social media.

The Public Workshop Meeting for the 1125 Spring Road, NW, that was held on April 9, 2016, saw over one hundred twenty-five attendees. After presentations regarding the OurRFP process and context of the Site, community participants then had an opportunity to give their input on topics including housing priorities, design priorities, and public space priorities in small discussion groups. Each small group was paired with a District government employee to facilitate discussion and record ideas from the community members. Each group reached consensus on three priorities and were asked to present the one priority they felt was the most critical to share to the larger meeting group.

In order to give those who were not able to attend the Public Workshop Meeting an opportunity to provide their thoughts on the redevelopment of the Site, DMPED created an Online Engagement Forum that mirrored the prompts and exercise from the April 9th meeting. This online forum was advertised on DMPED's website, neighborhood listservs, and social media. The online forum saw

over 225 unique responses, largely mirroring the input heard at the April 9th meeting. DMPED also received handwritten comments, emails, and phone calls from community members and stakeholders interested in sharing their thoughts on the Site.

DMPED then analyzed the data collected from the Public Workshop Meeting and Online Engagement Forum and categorized the responses into the following elements: Housing Priorities, Public Space and Sustainability, and Design and Density. DMPED then found common themes of community preferences within these elements to be further prioritized at the Follow-up Meeting.

The Follow-up Meeting, held on June 2, 2016, saw over 100 attendees. DMPED began the Follow-up Meeting with a brief overview of the Site and summary of the Public Workshop Meeting and Online Engagement Forum. DMPED then explained the elements and overarching themes that had been identified from the community input. These themes are listed below:

Housing Priorities:

- More than 30% of the units set aside as affordable housing
- Additional units to target moderate income/workforce households (50%-80% AMI)
- Opportunities for homeownership
- Family-sized units
- Housing reserved for Seniors
- Accessible units (for persons with disabilities)

Public Space & Sustainability:

- Active use (e.g., Playground, splash park, dog park, educational programming)
- Passive uses (e.g., green space, community garden, benches)
- Sustainable public space improvements (e.g. stormwater management, sustainable landscaping, permeable surfaces)
- Active, engaged street (upgrades to 10th Street exceeding DDOT standards, bike parking, benches)
- Public art

Design and Density:

- Density maximized through a planned unit development
- Historic elements incorporated in the design
- Modern/Contemporary style of design
- Exceed green building requirements

DMPED then gave Follow-up Meeting attendees the opportunity to further prioritize these themes. The results of this prioritization are described in the following section, “Community Preferences.”

Community Preferences

DMPED’s guiding priorities are to:

- Increase affordable housing;
- Grow the District’s technology and innovation employment sector;
- Achieve significant progress on large-scale and neighborhood real estate development projects;
- Create a vibrant and competitive place for job creation, relocation, and growth; and
- Make DMPED a more open and transparent agency.

DMPED is appreciative of all of the District residents that participated in the 1125 Spring Road, NW, OurRFP process and shared their priorities for the future of the Site. The feedback and data collected in this OurRFP process illustrated that many of the priorities identified by District residents align with DMPED’s priorities. These community preferences are further described below.

Housing Priorities:

The most salient theme that garnered the most discussion during this OurRFP process surrounded the potential residential and housing elements of the redevelopment of the Site. DMPED received a great amount of input, thoughts, and preferences from OurRFP participants regarding the populations that should be served by the housing created at the Site. Many participants expressed a passionate preference that **more than the required 30% of units built be set aside as affordable housing**. Participants also expressed a preference for affordable housing to target the lowest income bands but also target workforce

households. Participants additionally expressed a preference for family-sized units, units reserved for senior citizens, units accessible for persons with disabilities, and also opportunities for homeownership. As such, *preference will go to proposals that include as much affordable housing above the 30% minimum requirement as viable, targeting the lowest income bands and including housing reserved for senior citizens, ADA-compliant units, and opportunities for homeownership.*

Public Space & Sustainability:

DMPED received a great amount of input suggesting that public space and sustainability considerations are a community preference for any potential redevelopment of the Site. OurRFP participants expressed a strong preference for sustainable public space improvements like stormwater management, sustainable landscaping, and permeable surfaces. Participants also expressed a preference for an upgraded 10th street roadway to exceed DDOT standards and facilitate active uses while others preferred more passive uses like a community garden or benches and public art. As such, *preference will go to proposals that include sustainable public space improvements that activate an upgraded 10th Street, NW, in keeping with the surrounding neighborhood feel.*

Design and Density:

DMPED also received a great amount of input on design and density considerations for any potential redevelopment of the Site. OurRFP participants express a strong preference for a maximization of density at the Site through a Planned Unit Development. Additionally, participants desired a plan for parking that appropriately accommodates and complements any new development in conjunction with the existing neighborhood. Participants also expressed a preference for incorporating historic elements into any design while also exceeding green building requirements. As such, *preference will be given to proposals that include maximization of density through a Planned Unit Development, incorporation of historic elements into any design, and development that exceeds green building requirements.*

DISTRICT OF COLUMBIA POLICY GOALS AND REQUIREMENTS

First and foremost, the District requires that any proposed development program be economically viable to construct and operate. Additional District of Columbia goals and requirements are explained below.

Planning and Zoning Framework

Comprehensive Plan:

The *Comprehensive Plan for the National Capital: District Elements*, the Comprehensive Plan Generalized Future Land Use Map and the Comprehensive Plan Generalized Policy Map are the legislatively-adopted general policy documents that provide guidance for the future development of the District of Columbia and serves as the basis for determining how areas within the District can be developed as related to design, density and program. The Comprehensive Plan can be found on the DC Office of Planning's website at <http://planning.dc.gov/page/comprehensive-plan>. Please note that the Comprehensive Plan is undergoing its second Amendment Cycle of the District Elements to the 2006 Comprehensive Plan, however this Amendment Cycle will not be complete before responses are due for this solicitation.

The Comprehensive Plan's Generalized Future Land Use Map designates this entire Site as "Local Public Facility", consistent with the current and former use. Surrounding land, also zoned R-4, is designated for moderate density residential use. The Comprehensive Plan Policy Map designates the Site as "neighborhood conservation area", which indicates that any new infill development should generally be compatible the existing character of the neighborhood.

The Site is located within the Rock Creek East Area Element, on the border with the Mid-City Area Element. The Rock Creek East Element encourages the protection of established neighborhoods, but also recognizes a need for a variety of housing choices. Targeted policy guidance for the Site also includes the following:

- Policy RCE 1.1.6: Development of New Housing – Encourage the retention of existing subsidized housing units within the Rock Creek East Planning Area, along with other measures to increase housing choices and improve housing affordability for area residents. This should include production of new mixed income housing along Georgia Avenue, and the encouragement of mixed income housing in the industrially zoned area west of Georgia Avenue between Upshur and Sheperd, and on District-owned land along Spring Road near the Petworth Metro Station. A particular emphasis should be placed on providing low cost affordable housing for seniors. ^{2208.7} (p. 22-14).

Zoning:

The Site is currently zoned R-4/D but, as mentioned above, new zoning regulations (“ZR-16”) will go into effect on September 6, 2016. Under ZR-16, the current R-4/D zoning will become RF-1. RF zones are intended to recognize and reinforce the importance of neighborhood character, walkable neighborhoods, housing affordability, aging in place, preservation of housing stock, improvements to the overall environment, and low- and moderate-density housing to the overall housing mix and healthy of the city.

The RF-1 zone allows for low-to-moderate density or medium-density residential areas suitable for residential life and supporting uses. In matter-of-right developments the maximum permitted height is 35 feet and three stories for all structures besides places of worship which can be up to 60 feet in height. Lot occupancy requirements are 60% for detached dwellings, semi-detached dwellings, and row dwellings and flats and 40% for all other structures. Other permitted uses include religious uses, small health care facilities, and public schools that zoning regulation requirements for lot area.

As supported by community preferences, DMPED also welcomes submissions that include Planned Unit Development (“PUD”) proposals. A PUD, for example, may allow for a zoning change to RA-2, (Residential Apartments) a moderate-density zone. RA-2 permits a maximum floor-to-area ratio (“FAR”) of 1.8 and up to 50 feet in height as matter-of-right. A summary of the PUD process is available on the Office of Planning website, www.planning.dc.gov, or Respondents should refer to Chapter 24 of the Zoning Regulations and Subtitle Z, Chapter 3 of the ZR-16. For additional information regarding zoning for the Development Parcel, ZR-16 changes, or the PUD process, potential, or timing, please contact Joel Lawson at the Office of Planning at (202) 442-8802, or e-mail at joel.lawson@dc.gov.

Historic Preservation & Rehabilitation:

Respondents should address the rehabilitation of the existing Hebrew Home for the Aged. Respondents are encouraged to consult with the Historic Preservation Office (“HPO”) within the Office of Planning early in their project planning and to review preservation guidance and direction on the review process at www.planning.dc.gov/hpo.

Respondents are encouraged to take advantage of the Federal Rehabilitation Tax Credit, eligible for qualified expenses related to the rehabilitation of designated historic properties. Please see <http://www.nps.gov/tps/tax-incentives.htm> for more information. For additional preservation information, please contact Anne Brockett at HPO at anne.brockett@dc.gov.

Transportation Planning Framework

The District Department of Transportation’s (“DDOT”) commitment to building a safe and efficient transportation network will guide all review of transportation-related issues regarding development of the Site. The Site has excellent multi-modal transportation access, as it is near the Georgia Avenue/Petworth Metro Station and several high capacity bus routes on 14th Street, NW, and Georgia Avenue, NW. Because of this, DDOT anticipates most people accessing the Site will do so via non-automobile modes. Site access is expected to be provided via the alley north of the Site. Site access will not be permitted from Spring Road. DDOT supports minimizing vehicular parking spaces due to excellent transit access. 10th Street, NW, forming the eastern boundary of the Site, was closed many years ago and is not part of DDOT’s portfolio of streets. As such, any proposal must include the establishment of a public right of way along 10th street that respects the historic 10th street multimodal link to the north and south of the site and remain open for public use.

Additional information on DDOT’s policies regarding development review guidelines can be located at DDOT’s website: <http://ddot.dc.gov/page/development-review>.

For further information, please contact Jonathan Rogers at the Policy, Planning, and Sustainability Administration Office, DDOT at (202) 671-3022, jonathan.rogers2@dc.gov.

Public Space

The District Department of Transportation (DDOT) in partnership with the Office of Planning works to ensure the design of public space is of high quality and meets minimum requirements. To this end, the District has in place streetscape standards, guidelines, and policies to guide changes to public space. Uses that impact the character of public space include sidewalk cafes, vending,

street festivals, and other impermanent activities. Physical features that impact the character of public space can include sidewalk paving material, fences and retaining walls, street trees and their spacing, vault spaces, other infrastructure like street lights or curb and gutters, and any building encroachments into the public space.

The Respondent may refer to the District of Columbia Municipal Regulations and DDOT’s Design and Engineering Manual (<http://ddot.dc.gov/page/design-and-engineering-manual>) for specific controls of public space. A summary can be found in DDOT’s Public Realm Design Manual (<http://ddot.dc.gov/PublicRealmDesignManual>). Additionally, Respondents should note that sustainable public space improvements that activate an upgraded 10th Street, NW, in keeping with the surrounding neighborhood feel were identified as a community preference for the redevelopment of the Site.

For further information, please contact Jonathan Rogers of DDOT’s Policy, Planning, and Sustainability Administration at 202.671.3022, jonathan.rogers2@dc.gov.

Affordable Housing

In the District’s efforts to provide a greater number of Affordable Dwelling Units (“ADUs”), if a Respondent’s proposed development plan includes a residential component, then Respondent’s proposal must include, at a minimum, the number of ADUs at the Area Median Income (“AMI”) levels that are required by both the Disposition of District Land for Affordable Housing Amendment Act of 2014 (D.C. Act 20-485) (“ADU Act”) and the Inclusionary Zoning provisions of the District of Columbia Zoning Regulations (11 DCMR §§ 2600 *et seq.*), as applicable. Under the ADU Act, proposals with residential components are required to provide 30% of the units to be affordable for the life of the building. As described above, the community has shown a preference for as much affordable housing above the 30% minimum requirement as viable, targeting the lowest income bands and including housing reserved for senior citizens, ADA-compliant units, and opportunities for homeownership.

Among other provisions, an affordability covenant will provide that any building containing residential units shall have a proportional distribution of unit types and sizes across multiple AMI levels so that ADUs are not clustered in any portion (floor, section, or tier) of the development, as well as being similarly sized to market units of the same type, have similar in-unit amenities, and access to all common-area building amenities. Market rate and/or ADUs targeting senior citizens are considered an eligible residential use and must conform to the same affordability standards applicable to other residential unit types.

Each Respondent should use the most current Department of Housing and Urban Development (“HUD”) uncapped AMI data (reference Chart 1). While Chart 1 presents the most current 2016 data, new AMI data is published annually. The rent calculation formula is provided in Chart 2, the Occupancy Standard Factor used to price each ADU is provided in Chart 3, and the sale price formula is provided in Chart 4. All affordable rent payments collected may not exceed the Maximum Allowable Rent for an ADU (reference Chart 2). Appendix F (“HUD Housing Allowance Tables”) may be updated periodically by the District of Columbia Housing Authority. The initial sales price for an affordable unit may not exceed the Maximum Allowable Sales Price for ADUs (reference Chart 4).

Respondents shall describe the strategy for marketing, operation, and administration of their affordable housing units. Partnering with an organization that has demonstrated expertise in the administration, operation, and management of affordable housing is encouraged, if Respondent does not already have this expertise.

Sustainability and Green Building Requirements

The Site shall be developed in compliance with the District of Columbia’s Green Building Act of 2006, codified in D.C. Official Code § 6-1451.01 *et seq.* (2012) and the District’s storm water management regulations published in [Chapter 5 of Title 21](#) of the DCMR and [Chapter 31 of Title 20](#) of the DCMR. Respondents’ responses shall be based on these regulations. Specific design criteria are stated in the Storm Water Guidebook which is available online at <http://doee.dc.gov/publication/stormwater-guidebook>.

The Sustainable DC Plan has been established to ensure that the District is the healthiest, greenest, and most livable city in the nation. The Plan encompasses 32 goals and 31 targets, and offers 143 specific actions in the areas of the built environment,

energy, food, nature, transportation, waste and water. The Sustainable DC Plan is found at <http://www.sustainabledc.org/about/sustainable-dc-plan/>. Respondents should review the plan and highlight their qualifications and experience in developing sustainable projects, if any, in their response.

Furthermore, as outlined in the Sustainable DC Plan, the District of Columbia has committed to improving the performance of existing buildings and ensuring the highest standards of green building design for new construction. By 2032, the District has committed to retrofit 100% of existing commercial and multi-family buildings to achieve net-zero energy standards and meet net-zero energy use standards with all new construction projects. The existing laws and regulations, including the Green Building Act of 2006, the DC Green Construction Code, and the updated stormwater regulations, among others, provide a strong foundation for the broader sustainability goals of the District. However, in order to achieve the targets set forth in the Sustainable DC Plan, the DC government plans to lead by example and give consideration for projects that are exceeding the basic legal requirements and forging a path towards true sustainability. Therefore, in this RFP, preference may be given to projects that:

- Exhibit a commitment to environmental performance beyond the requirements set forth in existing laws and regulations, including commitments to LEED certification at the Gold level or higher and/or a commitment to follow LEED v4, the newest version of the LEED rating system.
- Surpass basic LEED certification by designing to achieve net zero energy “ready” buildings (deep efficiency with energy use intensities below 30 kBtu/square foot/year), net zero energy (either produced onsite and/or from newly installed renewable energy in the region), net zero waste (meaning above 90% diversion of waste both during construction and when occupied), and / or the processing of stormwater for the 1.7 inch stormwater or higher, and a collection and reuse of rainwater and greywater onsite, or full Living Building Challenge certification.

DC-specific market analysis reveals that there are strong financial incentives for building deeply green, utility efficient buildings with renewable energy systems. The [Net Zero and Living Building Challenge Financial Study: A Cost Comparison Report for Buildings in the District of Columbia](#) found a 3-year simple payback for typical multifamily or office new construction when incorporating deep energy efficiency and then achieving net zero energy by deploying renewables. A [national study of solar financial incentives](#) also lists DC as one of the top cities to invest in solar photovoltaics.

To build capacity for this type of deep green building, the DC government has a range of initiatives that include financial assistance resources for potential project teams. These include the [DC Sustainable Energy Utility](#), [DC PACE Program](#), [RiverSmart Communities](#), [RiverSmart Rewards](#), [RiverSmart Rooftops](#) and the [Stormwater Retention Credit Trading](#) programs.

First Source

Pursuant to DC Code § 10-801(b)(7) and the Workforce Intermediary Establishment and Reform of the First Source Amendment Act of 2011 (D.C. Law 19-84, D.C. Official Code §§ 2-219.01 et seq.) and the rules and regulations promulgated thereunder and Mayor's Order 83-265, Respondents recognize that one of the primary goals of the District of Columbia government is the creation of job opportunities for District of Columbia residents. Accordingly, the Respondent selected by the District to negotiate a disposition agreement shall enter into a First Source Agreement, prior to execution of a disposition agreement, with the Department of Employment Services (“DOES”) that shall, among other things, require the Respondent to: (i) hire and require its architects, engineers, consultants, contractors, and subcontractors to hire at least fifty-one percent (51%) District of Columbia residents for all new jobs created by the development project, all in accordance with such First Source Employment Agreement and (ii) ensure that at least fifty-one percent (51%) of apprentices and trainees employed are residents of the District of Columbia and are registered in apprenticeship programs approved by the DC Apprenticeship Council as required under D.C. Official Code §§ 32-1401 et seq. Collective bargaining agreements shall not be the basis for the waiver of these requirements. Respondents must complete the Form of Acknowledgement attached as Appendix A.

EVALUATION PROCESS

Selection Recommendation Panel

If established, the composition of the Panel will be determined by the District, in its sole discretion. DMPED and/or the Panel may consult with professional consultants, advisors, and other stakeholders for technical assistance. DMPED and/or the Panel will evaluate each response, taking into account the information provided in response to the RFP and the best interests of the District.

Evaluation Criteria

Successful proposals will demonstrate that the Respondent has (i) a proposed use(s) for the Development Parcel that are consistent with District's Policy Goals and Requirements and the Community Preferences identified through the OurRFP Process; and (ii) the financial capacity and ability to successfully close the transaction and offer an attainable redevelopment timeline to convert the Development Parcel to its optimal utility.

Among other factors, responses will be evaluated for completeness, market feasibility, innovative ideas, strength of community benefits, and the strength of the financial response. The basis upon which Respondents will be measured includes, but is not limited to, the following:

Additionally, the District will give strong consideration to Respondents who achieve and exceed the following District policy goals by:

- i. Maximizing the overall economic benefit to the District, including:
 - Maximizing the development envelope such as through modification of current zoning;
 - Maximizing value to the District through incremental property and sales taxes and/or land value proceeds (paid by Respondent to the District); and
 - Maximizing community benefits, including affordable housing and job creation and/or apprenticeship programs for District residents, particularly for residents within 1-mile of the Site.

Evidence of the inclusion of such businesses shall be in the form of written confirmation from such neighborhood-based businesses which shall include the scope and details of the said businesses' involvement in the Project.

Project Financial Feasibility and Team's Financial Capacity

Teams whose responses satisfy the following criteria may be eligible for stronger evaluations:

- i. Demonstrate that they possess the financial resources to execute the project requirements;

- iii. Display a willingness to provide the District with fair consideration for its real property assets. Land payment(s) to the District will be strongly considered;
- iv. Demonstrate significant investments of "at risk" capital during the pre-development and development process; and
- v. Exhibit a willingness to provide the District with a meaningful guarantee regarding payment and performance through final project completion.

Announcement and Best and Final Offer Submission

Announcement of Short List

Upon review of the responses, DMPED and/or the Panel may, at its sole discretion, identify a short list of Respondents and has the sole and absolute discretion to conduct discussions with all, or some, of the Respondents on the short-list via Best and Final Offer submissions. DMPED will contact all Respondents and inform them of the results of the selection review process.

Best and Final Offer Submission

Upon review of the responses, DMPED and/or the Panel may, at its sole and absolute discretion, conduct discussions with all, or some, of the Respondents via Best and Final Offer submissions. If Respondents are asked to submit a Best and Final Offer, Respondents are expected to adhere to the additional guidance provided by DMPED and submit a final revised proposal for DMPED's final consideration. Upon receiving the Best and Final Offer, DMPED reserves the right to have additional rounds of requests for information, and conduct further discussions and negotiations if the Best and Final Offers lack adequate information to reach a final selection. At DMPED's sole discretion, Respondents may be asked to present their Best and Final Offers to the community to gain additional community feedback.

Final Selection & Notice

Following receipt of any additional information, if requested, DMPED may submit, in its sole and absolute discretion, one or more responses, as modified through any negotiations, to the Mayor as a recommendation. The Mayor, in her absolute discretion, may accept the recommendation. Upon acceptance of a recommendation by the Mayor, DMPED shall notify the selected respondent(s), if any. Ultimately, the Mayor will submit the proposed transaction to the Council of the District of Columbia ("Council") for its approval in accordance with applicable District law (see the "Disposition Agreement & Approval" section in this RFP for more details).

DMPED reserves the right, at its sole and absolute discretion, to reject any proposal it deems incomplete or unresponsive to the submission requirements. DMPED also reserves the right, at its sole and absolute discretion, to reject all proposals and re-advertise at a later date. If a submission is deemed incomplete, that Respondents' letter of credit will be returned. In the event that DMPED determine that it should reject all submissions, all deposits will be refunded.

DMPED reserves the right to make the final development selection on the basis of initial Proposals without discussions with the Respondents. Accordingly, Respondents' initial Proposals should contain their best terms from the standpoint of the evaluation factors identified in this RFP. However, DMPED also reserves the right, in its sole and absolute discretion, to conduct discussions with all, or some, of the Respondents and solicit revised Proposals and Best and Final offers in order to make the final selection on the basis of such revised Proposals.

Post-Selection Due Diligence

Following receipt of notification from the DMPED of the selection, the selected Respondent shall execute a right of entry agreement with the District to allow the selected Respondent to begin due diligence and studies on the Site.

Disposition Agreement & Approval

If one Respondent is thereby chosen for commencement of negotiations, the selected Respondent may be requested by the District to proceed to negotiate a disposition agreement. If the District and selected Respondent are unable to execute a disposition agreement within one hundred and eighty (120) days after the date of selection, the District, in its absolute and sole discretion, may terminate negotiations and select a different Respondent who responded to the RFP, re-issue the RFP, issue a modified RFP, or take such other measures as it deems reasonable, appropriate, or necessary. **All costs incurred by the Respondents in responding to this RFP and in performance of due diligence and predevelopment work shall be at Respondents' sole cost and expense. Under no circumstances shall the District be responsible for the reimbursement of any such costs.**

The District, through DMPED, and the selected Respondent will attempt to negotiate in good faith a disposition agreement which shall incorporate the requirements contained in this RFP, the Term Sheet (see Appendix D), and such other terms as may be required by DMPED or may be agreed to by DMPED and the selected Respondent. Upon completion of the parties' negotiation, DMPED will recommend such Respondent and proposed business terms to the Mayor. If the Mayor agrees with DMPED's recommendation, then the Mayor will submit the proposed transaction to the Council of the District of Columbia ("Council") for its approval of the disposition of the property in accordance with D.C. Official Code § 10-801 (2008 Supp.). **In accordance with D.C. Official Code § 10-801, the District is not authorized to convey or lease any real property unless and until authorized by the Council.**

Respondents have not offered or given to any District officer or employee any gratuity or anything of value intended to obtain favorable treatment under the RFP or any other RFP, or contract, and Respondents have not taken any action to induce any District officer or employee to violate the rules of ethics governing the District and its employees. Respondents have not and shall not offer, give, or agree to give anything of value either to the District or any of its employees, agents, job shoppers, consultants, managers, or other person or firm representing the District, or to a member of the immediate family (i.e., a spouse, child, parent, brother, or sister) of any of the foregoing. Any such conduct shall be deemed a violation of this RFP. As used herein, "anything of value" shall include but not be limited to any (a) favors, such as meals, entertainment, and transportation (other than that contemplated by this RFP, if any, or any other contract with the District) which might tend to obligate a District employee to Respondent, and (b) gift, gratuity, money, goods, equipment, services, lodging, discounts not available to the general public, offers or promises of employment, loans or the cancellation thereof, preferential treatment, or business opportunity. Such term shall not include work or services rendered pursuant to any other valid District contract.

Miscellaneous Provisions

Notice of Modifications

DMPED will post on its website (<http://dmped.dc.gov/>) any notices or information regarding cancellations, withdrawals, modifications to deadlines, and other modifications to this RFP. Respondents shall have an obligation to check the website for any such notices and information, and the District shall have no duty to provide direct notice to Respondents.

Change in Respondents' Information

If after a Respondent has provided a response to the District, information provided in a response changes (e.g., deletion or modification to any of Respondents' team members or new financial information), Respondents must notify the District in writing and provide updated information in the same format for the appropriate section of the RFP. The District reserves the right to evaluate the modified response, eliminate Respondents from further consideration, or take other action as the District may deem appropriate. The District will require similar notification and approval rights of any change to Respondents' response or Development Team following award, if any.

Ownership and Use of Responses

All responses shall be the property of the District. The District may use any and all ideas and materials included in any response, whether the response is selected or rejected.

Restricted Communications

Upon release of this RFP and until final selection, Respondents shall not communicate with DMPED or District staff about the RFP or issues related to the RFP except as permitted under this RFP.

Selection Non-Binding

The selection by the District of a Respondent indicates only the District's intent to negotiate with a Respondent, and the selection does not constitute a commitment by the District to execute a final agreement or contract with the Respondent. Respondents therefore agree and acknowledge that they are barred from claiming to have detrimentally relied on the District for any costs or liabilities incurred as a result of responding to this RFP.

Confidentiality

Responses and all other information and documents submitted in response to this RFP are subject to the District's Freedom of Information Act (D.C. Official Code § 2-531 *et seq.*) ("FOIA"), which generally mandates the disclosure of documents in the possession of the District upon the request of any person, unless the content of the document falls within a specific exemption category (e.g., trade secrets and commercial or financial information obtained from outside the government, to the extent that disclosure would result in substantial harm to the competitive position of the person from whom the information was obtained).

If Respondents provide information that they believe is exempt from mandatory disclosure under FOIA ("exempt information"), Respondents shall include the following legend on the title page of the response:

"THIS RESPONSE CONTAINS INFORMATION THAT IS EXEMPT FROM MANDATORY DISCLOSURE UNDER THE DISTRICT'S FREEDOM OF INFORMATION ACT."

In addition, on each page that contains information that Respondents believe is exempt from mandatory disclosure under FOIA, Respondents shall include the following separate legend:

"THIS PAGE CONTAINS INFORMATION THAT IS EXEMPT FROM MANDATORY DISCLOSURE UNDER THE DISTRICT'S FREEDOM OF INFORMATION ACT."

On each such page, Respondents shall also specify the exempt information and shall state the exemption category within which it is believed the information falls.

Although DMPED will generally endeavor not to disclose information designated by Respondents as exempt information, DMPED will independently determine whether the information designated by Respondents is exempt from mandatory disclosure. Moreover, exempt information may be disclosed by DMPED, at its discretion, unless otherwise prohibited by law, and the District shall have no liability related to such disclosure.

Non-Liability

By participating in the RFP process, Respondents agrees to hold the District, its officers, employees, agents, representatives, and consultants harmless from all claims, liabilities, and costs related to all aspects of this RFP.

Other Limiting Conditions

Withdrawal & Cancellation

If at any time after the District selects a specific Respondent and executes a disposition agreement with the Respondent, and the Respondent does not proceed with the project, then the Respondent must notify the District in writing and provide reasons for its decision. The selected Respondent wishing to withdraw may be subject to the loss of part or all of any deposits previously provided to the District and may be responsible for certain costs previously waived by the District, in addition to any other remedies available to the District under the disposition agreement, or by law. If the District is unable to convey the Development Parcel for any reason, all deposits will be returned to the Respondent and the District shall be released from any and all further liability.

"Stand-Alone" Projects

The development of the Site is expected to be a "stand alone" project, in that Respondents are prohibited from cross collateralizing and cross defaulting the Site, or any portion thereof, with any other assets. Moreover, Respondents are prohibited from assigning, pledging, hypothecating, or otherwise transferring its interest in the net cash flows or ownership in the Site and project in part, or in whole, without prior District approval. Any additional debt shall require prior written District approval. This limitation shall apply until final completion of the project.

Disclosure of Fees

Respondents shall disclose all development management fees, general contracting fees, construction management fees, property management fees, and other fees that are paid to Respondents or affiliated parties during the life of the project. Failure to do so may result in the District terminating, in its sole and absolute discretion, negotiations with a Respondent or terminating the project.

Restrictions

The District is subject to various laws, rules, policies and agreements that impose legal and ethical constraints upon current and former District employees and consultants with regard to post-employment restrictions vis-a-vis such employee's or consultant's involvement in District-led projects. In particular, restrictions include but are not limited to the following guidelines:

- i. All Respondents, its members, agents, or employees, are prohibited from: (i) making responses of employment, (ii) conducting any negotiations for employment, (iii) employing or, (iv) entering into contracts of any sort, with current employees, consultants, or contractors to the District who are personally and substantially involved in any aspect of this RFP;
- ii. Respondents must disclose in their initial responses the names of any member, employee, or agent who within three (3) years prior to the publication of this RFP were District employees, consultants, or contractors to the District. On a continuing basis, Respondents will be required to provide the District with regular and periodic notices of any and all new hires of employees, contracted agents, or consultants within five (5) days of any such hire;
- iii. This provision shall apply to all Respondents during the conduct of this competition, and will subsequently apply to the selected Respondent until such time as final completion of the development of the project;
- iv. Required disclosures and notices notwithstanding, failure to comply with any obligation described in this provision may result, in the District's sole and absolute discretion, in Respondents' disqualification from consideration under this RFP, the rescission of a Respondent's award, and/or termination of any agreement between a Respondent and the District.

QUESTIONS

All questions regarding this RFP must be submitted via e-mail only to Tsega.Bekele@dc.gov. Respondents shall not direct questions to any other person within the District except as allowed elsewhere in this RFP. Responses to Respondent questions will be aggregated and posted on the DMPED website: <http://dmped.dc.gov/> prior to the submission deadline.
