D.C. OFFICE OF ZONING
2002 JUN -4 PM 2:52

June 4, 2002

LINDSLEY WILLIAMS
CONSULTANT IN LAND USE, PLANNING AND ZONING
TO THE LAW FIRM OF HOLLAND & KNIGHT LLP
202-828-1873

Internet Address:
LWilliams@hklaw.com

The Honorable Chairperson and Members
Zoning Commission of the District of Columbia
One Judiciary Square, Suite 200
441 Fourth Street, NW
Washington, D.C. 20001

Re: Property Owners in Vicinity of Southern Portion of Square 37 to Receive Notice for Public Hearing of July 29, 2002 (Case 00-33TA)

Dear Madam Chairperson and Members of the Commission:

Thank you for agreeing to hear the above-captioned case along with its companion (00-27M) on the evening of Monday, July 29, 2002.

This firm had agreed to assist in providing the Office of Zoning names and addresses of those property owners within 200 feet of the perimeter of the area for which a new "overlay" zone is being considered. This letter transmits that information and sets out the nature of those data. Douglas J. Patton is the attorney within the firm associated with the petition known as ZC Case 00-27. I am providing this letter and its enclosures to you at his direction.

Briefly, we relied on information this firm, along with others, receives periodically from Spatial Systems Associates, Inc. ("Spatial"). In this case, we relied on the data Spatial distributed in October 2001 for the "Fall" version. While versions are normally distributed quarterly, Spatial did not distribute a "winter" version this year.

Spatial receives assessment information from the Office of the Chief Financial Officer and establishes a specific point for each assessment record, somewhere within the overall boundary of the property to which it is related.

ZONING COMMISSION
District of Columbia
Case 00-27M
Exhibit 32

ZONING COMMISSION
District of Columbia
CASE NO.00-27
EXHIBIT NO.32

We used computerized mapping tools to:

- Define the perimeter of the portion of Square 37 to which the new overlay zone might be applied and struck a line meeting the Zoning Commission's rule to provide Notice to those owning properties within 200 feet of this perimeter, actually scaling that line to reach somewhat further, 225 feet. See enclosed diagram **"Two Hundred Foot (225' Scaled) from Perimeter of Southern Half of Square 37"**. That diagram also reveals underlying property lines and has small dark square marks for each property owner record. When many records co-exist in the same general vicinity, common for properties in a condominium regime, the small solid squares overlap at the scale of the diagram, creating what appears as a single "mass" with irregular edges.

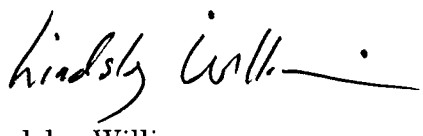

- "Stretch" the "Notice Perimeter" line to the outside edges of the properties any portion of which is within the 200 foot (scaled at 225 feet) and "selected" all property owners whose records fall within the "stretched" perimeter. See enclosed diagram, **"Limits of Properties Falling within 200' (225') of Southern Portion of Square 37."** The "selected" records, numbering 663, now appear in yellow.

- Extract raw property owner records from the underlying assessment data base, combined into a single record those separate assessment records with common ownership and common "tax bill" address, and producing a hard copy report of same, **"Names or Owners of Property, any Portion of Which Lies within 200 Feet (225 Scaled) of the Perimeter of the Southern Portion of Square 37 (Lots 810, 811, 831, 836, 837 and 851)."** Consolidation reduced the record count from 663 to 453. Some persons may still receive multiple Notices, most likely if their assessment records reflect diverse addresses to which tax bills are sent.

- Produce a corresponding set of 453 mailing labels, enclosed, untitled.

Please let me know if you have any questions about the information provided. You may reach me directly at (202) 828-1873 or by email at LWilliams@hklaw.com. Thank you.
