Dear Ms. Mitten,

In response to the DC Zoning Commission's Notice of Final Rulemaking and Order No. 968, ZC Case No. 01-02TA (Text Amendment – 11 DCMR and Technical Corrections Regarding Antenna Towers):

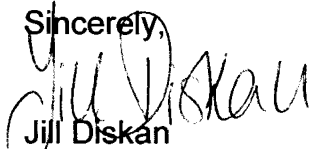

ANC 3E supports the definitions of antennae.

ANC 3E supports the requiring of a building permit that certifies that transmitting antennas comply with FCC guidelines.

ANC 3E supports the prohibition of new towers in residential and C1 zones.

ANC 3E would request that the application for antenna towers and antennas address the physical safety of the towers being requested by detailing the maintenance that will be provided, especially concerning the build up of ice.

Sincerely,

Jill Diskan
ANC 3E Chairperson
