GW THURSTON HALL RENOVATION AND TEMPORARY HOUSING PLAN

UPDATED MATERIALS AND CONDITIONS

Enclosed are updates to the applications that include: (1) a revised condition related to One Washington Circle based on feedback from ANC 2A, (2) updated penthouse material colors, and (3) updated courtyard material colors.

First, ANC 2A requested the originally proposed condition regarding One Washington Circle (Proposed Condition B.3) be revised for clarification. The Applicant and ANC 2A have agreed to the following revised Proposed Condition B.3:

06-11Q/06-12Q: Proposed Condition B.3: The University's temporary use of One Washington Circle to accommodate third- and fourth-year students as a part of the Temporary Housing Plan is permitted.

Second, the Applicant has darkened the metal panel material for the penthouse, which will minimize the penthouse's appearance, as shown on Sheets 15-17 and 25 (pages 1-3 and 6) of Exhibit A attached hereto.

Third, the Applicant has revised the interior elevations to reflect the intent to use painted brick in the courtyard and terrace spaces, which will enhance the light feeling of these open spaces, as shown on Sheets 22, 24, and 25 (pages 4-6) of Exhibit A attached hereto.

Finally, the Applicant submits photos of the Materials board as Exhibit B attached hereto supplementing the materials information included in Sheet 25 (page 6) of Exhibit A attached hereto.
