Case Number 01-36C

Dear Mr. Bastida:

I am submitting this letter for your information to be submitted for the record. ANC 8A and 8C meet with the Unified Communication Center (UCC) and we have come up with a working DRAFT Memorandum Of Understanding (MOU). The purpose of the MOU is to provide for guidelines concerning the Ward 8 community. The MOU will secure intern as well summer positions for residents, and ensure that the communities help will be considered when disturbing the Fly Ash that is buried on the St. Elizabeth's (St. E.) grounds. Although nothing has been finalized, both parties feel that we will probably have a signed MOU within the next week.

I felt compelled to write this letter for the record because I am not sure as to the procedures as far as the ANCs and was unable to get through earlier today via telephone to your office to get some direction.

The concern is because the UCC will come before the Commission concerning their St. E. East wing project June 10, 2002. I hope this letter is sufficient.

If you have concerns, contact me at (202) 693-1116.

Sincerely,

W. Dianne Glover
