Dear Chairperson Mittens,

On Saturday, January 4, 2003, the Hillcrest Community Civic Association unanimously voted to urge fast, expeditious movement of the new Recreation Building proposed for the Hillcrest Recreation Center. The Center is key to the quality of life of our community, particularly the many young people who use it everyday. As you know, for more than a year and a half, considerable time and effort of community members and the Recreation Committee of this Association have been spent to plan and design this facility. Additionally, we worked with Mayor Williams and our Ward 7 Council Member Kevin Chavous to identify funds for its construction.

We are anxious to have the new Hillcrest Recreation Center begin immediately. We understand that it is part of a DOR project to construct/replace several new recreation centers throughout the District and urge that you act on them immediately. In the alternative, if the entire project cannot move forward immediately and there are no zoning issues with the Hillcrest Recreation Center, please expedite the zoning process for the Hillcrest Recreation Center.

Should you have any questions, please do not hesitate to contact me. We look forward to hearing from you in the very near future.

Sincerely,

Reverend Franklin Senger
President
