To the members of the Zoning Commission:

As a resident of the Chevy Chase/DC neighborhood and father of a small child, I vigorously oppose the Stonebridge Associates development plan (case # ZC 02-17) for the current Washington Clinic and Lisner Home site. I do not oppose any redevelopment; rather, I object to Stonebridge's effort to re-zone the area.

The present law already allows for significant redevelopment in character with the neighborhood. But Stonebridge's massive plans, as they exist at the moment, will severely disrupt the quality of life in the neighborhood (air, noise, child safety, traffic), and also set a dangerous precedent for further development.

Our local streets are congested and perilous enough as it is. Please don't permit this inappropriate development to ruin our neighborhood.

Thank you,

William Connor
