David Bardin (ANC Member) & George Clark (non ANC Member) chaired ANC3F's Ad Hoc Committee which established the boundaries for the TSO. Bardin excluded all the R-1A homes (31) in his 3 F04 zone. Had they been included Bardin would have had the 3rd highest representation in the TSO. These houses ranged in value from \$700,000 to \$2,000,000.00 with many trees, several with very oversized lots, and typical of the area in the TSO.
