Re: Case No. 02-19 (Text Amendment – Forest Hills Tree and Slope
Overlay District)

Dear Mr. Bastida:

We are writing to you about the above referenced Overlay. We understand that the purposes of the Overlay District are to preserve the natural topography and mature trees in the Forest Hills neighborhood; to prevent adverse impact on open space, parkland, stream beds or other environmentally sensitive natural areas; and to limit permitted ground coverage of new and expanded buildings and other constructions.

We are residents of Forest Hills, within the area covered by the proposed Overlay. We are very concerned with preserving the natural topography and particularly the trees within the Forest Hills neighborhood. We therefore fully support the proposed Overlay and urge the Zoning Commission to approve it as quickly as possible.

Please inform us of any action we can take to ensure the speedy adoption of the proposed Overlay.

Sincerely yours,

 

Ram and Marie Chopra
