Dear Mr. Bastida:

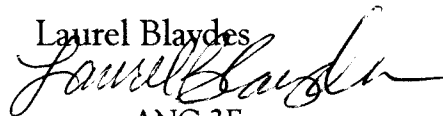

We are writing you because we support the Forest Hills Tree and Slope Overlay District (Re: Case No. 02-19). We believe this would be a good move for our neighborhood. It would protect mature trees from being sacrificed for larger homes, which are being built with increasing frequency on these modest plots of land.

These trees took generations to mature. They give our neighborhood grace and beauty. Developers tend to remove them spuriously when building a new home, with little thought to the impact on the rest of the people living nearby.

We feel that this measure would help ensure that the character of our neighborhood will remain the same for years to come.

Sincerely,

Calvin Zon
