RE: Case No. 02-20

I am writing on the behalf of the Missionary Oblates of Mary Immaculate. Our provincial headquarters for the United States and an Oblate residence is on our property at the corner of Michigan Ave and 4th St. diagonally across the street from The Catholic University of America.

My office received and reviewed a copy of the Campus Plan 2002. We find this study to be a comprehensive document, which expresses a clear vision for the University's future and at the same time, respects the surrounding environment. It incorporates features that show a respect for the neighboring community.

The Missionary Oblate of Mary Immaculate fully supports the University's Campus Plan 2002.
