Dear Sirs:

I own, with my wife Adele, a property at 207 F St., N.E. Wash, D.C. (Lot 83 in Square 0754). You recently sent me a notice of a rezoning request for lots near mine (Case No. 02-22). I understand from Mr. Jerry Forsberg, an agent for the requestors, that if approved, lot 109 would be developed into a "coffee house." If that is the case I am for the change in rezoning as the property has been abandoned for the last 20 years and is an eyesore for the neighborhood.

I should also like to thank Ms. Sharon Sondley of your office for her prompt, courteous, and instructive assistance in determining the specifics of the rezoning request.

Regards,

Alan D. Walls
