Ms.Jerrily Kress,

Director, Office of Zoning

441 - 4th Street, N.W.

Suite 210

Washington,D.C. 2001

Dear Ms. Kress,

I am writing this letter in support of the George Washington University's application to increase the hours of operation and to widen the usage of the Health and Wellness Center at 23rd and G Streets, N.W. This is case No. 02-26.

We hear so much these days about the importance of fitness and the advice that we should all stay active. The proposed change would permit me and other neighbors to benefit from this fine facility, which is in walking distance for me and many others.

I hope very much that the Commission will act favorably on GW's application.

Sincerely yours,

Elaine Smith
