Case 0226

Dear Ms. Kress,

I am writing in support of the proposal of George Washington University to expand the use of the use of the Health and fitness center. The extending of the hours and the greater availability to residents of Foggy Bottom will benefit the residents of Foggy Bottom.

To me it is an expression of the Universities increasing commitment to make Foggy Bottom a more appealing place for all residents. Expanding the use of the facility through longer hours and making it available to alumni and residents is a further step in this direction.

I truly believe that these additional services will have no deleterious impact on either noise or congestion.

Sincerely yours,

Roland J. Lehker
