Washington, DC 20001

Dear Washington, DC Zoning Commission,

This letter is in reference to the Georgetown Boathouse which is being considered by your committee. As a resident of the Georgetown community and alumni of the university and the rowing program, I want to express my full support for the building. I remember the times at the boathouse as being some of my fondest at the university and wish the same for future oarsmen. The project calls for a distinctive boathouse on the Potomac River to complement Potomac Boat Club and Washington Canoe Club and mitigate the congestion at those venues. It will be a jewel for the Potomac and the neighborhood, and the picturesque shells can grace our river for many generations to come.

Sincerely,

Joseph Nezgoda
National Institutes of Health
