We are writing in support of the zoning changes necessary to create the new Georgetown boat house. We have had two children participate in the Wilson High School Crew Team and have witnessed how crowded and uncomfortable it is at Thompson's Boat House. Our son is currently a novice, our daughter graduated from Wilson and is now at Tufts.

The teams often have to wait for a long time before they can get onto the dock either entering or exiting the water. Our children often do not get home until 7:30 or 8:00 at night.

A new boat house would alleviate these problems.

Thank you for paying attention.
