Re: Case #02-30, Georgetown University Boathouse

Dear Chair Mitten,

I support the proposed Georgetown University Boathouse and attendant exchange of land between Georgetown University and the National Park Service.

I am the parent of a member of the Georgetown Day School crew team. As I understand it, GDS's current boat storage facilities will be displaced by the proposed Swedish Embassy. With the movement of Georgetown University to their new facility, some of the boats stored outside in the temporary lot will be able to move inside Thompsons Boat House. As a result, the new Georgetown University Boathouse would partially solve the expected boat storage deficit.

Looking more globally, the continued accommodation of high school boats on the river will contribute to the growth of the Washington area as a strong rowing center.

Thank you for your consideration of my views.

Sincerely,

Brooke Alexander
