Re: Georgetown University Boathouse
Case 02-30

Dear sirs and madams;

As a DC resident and frequent user of the C & O canal towpath and Capital Crescent trail I want to urge you to not let Georgetown build the huge boathouse that is being planned. It is far in excess of the needs of a boathouse, is in the wrong location and blocks the view of the river from the towpath.

We Georgetown alumni don't need another place for fundraising for the university. And Georgetown already has one of the best views of the river. Why does it need another?

Sincerely yours,

MICHAEL A SCHUCHAT
