April 23, 2003

Carol Mitten, Chair, DC Zoning Commission
441 4th St., NW, Suite 210
Washington DC 20001

Dear Chairman Mitten:

I am concerned about the possibility of Georgetown University building a massive boathouse/club facility on the Potomac River (Case No. 02-30). My husband and I are longtime paddlers and bird watchers and we do not want to lose public parkland. We enjoy paddling on the uncluttered Potomac River. Construction of a boathouse would disrupt and displace the wildlife in that area. In addition, the size of the planned boathouse would not conform to the size of existing historic boathouses on the Potomac River.

Please keep the Potomac River as is by not allowing the rezoning of the land for a boathouse. Thank you for your consideration.

Sincerely,

Ann Corken Mackey
