RE: Case No. 02-32, Georgetown University Performing Arts Center

Dear Madame Chair and Members of the Board:

At the regular public meeting of ANC 2E on October 29, 2002, which was duly noticed and attended by all eight commissioners, the above-referenced item was discussed. The commission had previously reviewed the plans for the project in connection with historic preservation review, most recently on July 2, 2002. At the October 29 meeting, a brief presentation was made by Alan Brangman, University architect. After the discussion, ANC 2E unanimously passed the following motion:

> ANC 2E supports the proposal as presented for the Performing Arts Center at Georgetown University and applauds the enhancement in opportunity for student theater productions and education that it represents.

Please find attached a letter from Linda Greenan, Assistant Vice President for External Relations at Georgetown University, detailing the construction process that will be implemented during the building of the Performing Arts Center.

Thank you for your consideration.

Sincerely,

Peter Pulsifer

Peter Pulsifer
Chair, ANC 2E

Washington, DC 20007

Dear Peter:

This will follow up on our conversation last week wherein you suggested that the University write a letter to the ANC regarding the construction traffic relating to the Performing Arts Center. That, if the ANC found such a letter to be satisfactory, it would not need to discuss this matter at its December 3rd meeting.

We have discussed the issue of traffic that will be generated by the construction of the new Performing Arts Center with Bovis Lend Lease, our construction manager for this project. They have assured us of the feasibility of construction vehicles entering and leaving the site via the Canal Road entrance. Therefore, you have our assurance that this will be the manner in which our construction vehicles will travel.

Also, we will advise the ANC as we commence construction so that the community can be informed that the project will be getting underway. And, as was the case with the SW Quad, we stand ready to consult with the community in order to expeditiously resolve any issues that may arise as a result of this project.

I trust this adequately responds to any concerns or questions the ANC may have about this matter. We appreciate the ANC's support of the Performing Arts Center and look forward to keeping it apprised of our progress.

Sincerely,

Linda Greenan
