Re: Zoning Commission Case No. 02-36 (Columbia Hospital Overlay—Square 25 Lot 806)

Dear Ms. Kress:

After receiving an October 25, 2002 letter from Holland & Knight, counsel for the new owner of the Columbia Hospital for Women property, and informally polling the Commission members, ANC-2A requests that the Zoning Commission (ZC) postpone consideration of "setting down" this case at least until its November 18th meeting.

ANC-2A has met with, and continues to communicate with, the Office of Planning (OP) on this project and the Square 37 properties, and has had informal discussions with the Columbia Hospital property owner on the best approach for development of this project. We are particularly interested in maintaining the optimum residential quality for the Foggy Bottom West End community and we support the property owner's request through counsel to postpone set down of this case for a public hearing at this time.

Since ANC-2A has not seen OP's final report, we also request a reopening of the record in the above-titled case so that ANC members can provide commentary on the report. We will be having our regular monthly meeting on November 13 where we can discuss the case before the community and submit our comments to the ZC.

Sincerely,

Elizabeth B. Elliott
Chair, ANC-2A
