Subject: Case Number 02-38 PUD Zoning Change Hearing, Feb 13, for Waterfront Town Center: CON

Dear Ms. Ambrose:

I have live in S.W. since 1985. Until recently I worked at EPA at the Waterfront Center. Please do not approve the PUD Zoning Change for Waterfront Town Center,Case Number 02-38. Making 4th Street a street that goes through the Waterfront Center will add traffic to a quiet residential area, and deprive children for a play area in the area between the current building towers. It will also result in the loss of many beautiful trees. The cost for this destructive plan is very high, and includes moving the Metro Waterfront entrance/exit elevator and escalators. Please reject this plan in consideration of the community, the environment, and sound cost/effective planning. Please let me know if I can provide any more information. I can be reached at 202-566-0617. Thank you for your consideration.

Sincerely,

Margaret G. Conomos
