Dear Director

Regarding Case No. 02-38, we are writing in support of the PUD and Related Map Amendment @ Square 499, Lot 60 and Square 542, Lot 88.

As residents of Southwest and Co-Pastors of Westminster Presbyterian Church, we are extremely concerned with the development and improvement of our community. Westminster Church is located adjacent to the proposed development site and undoubtedly it will have a great impact on our congregation and its activities. And as residents of the neighborhood we also will be personally effected the new configuration of the old Waterside Mall and the quality of life which will arise from its redevelopment. We are very hopeful that this project will launch a new future for our community contributing to a much improved environment for the whole area. We have followed the redevelopment planning in question by Kaempfer Company and Forest City Enterprises and are very excited about the progress being made. Please give your full support to this PUD application. We believe that the vast majority of Southwest residents agree with us that the PUD plans for the new building heights are well conceived and will prove to be of great benefit to us all.

Sincerely,

Rev. Brian E. Hamilton
